MB451dn/MB451dnw Specifications

The MB451dn all-in-one printer delivers amazing value with its unrivalled fusion of performance, functionality and price. It's a 29 pages per minute (ppm) network printer with flexible media handling and an automatic duplex unit built-in to save paper. Unusually at this price point the MB451dn has a Reverse Automatic Document Feeder (RADF), powerful image processing and a large memory for fast copying, scanning and faxing of double sided documents. And with dedicated function buttons, speed dialling to send faxes and a graphic display it's really easy to use

For added versatility the MB451dnw model offers wireless connectivity allowing your multifunction printer to be placed anywhere it's convenient.

When fax functionality is a must, the MB451dn is the perfect device for the lower print volume requirements of the personal user, micro business or small office.

Outstanding features to support your business needs

- Automatic double sided copying, printing, scanning and faxing, all-in-on desktop device
- Fast printing up to 29ppm with the first page delivered in just 5 seconds
- Efficient faxing with 16 One Touch keys and 100 speed dials plus a 200 page memory makes sure faxes are always received

- Multipurpose tray for printing on a variety of media sizes and weights
- Network ready to make sharing easy
- Sharp, clear mono copying, printing, scanning and faxing using digital LED technology
- Scan colour or mono documents directly to USB, Computer, Network or anyone with an email address
- Low cost 1.5k or high capacity 2.5k toner cartridges

Functionality to improve your productivity and workflow

- 50 sheet RADF handles multi-page, single and double sided documents with ease
- Powerful image processing and a large 256MB memory make copying fast and realistic
- First copy appears in less than 11 seconds
- Print directly from or scan directly to a USB stick
- Intuitive menus and controls with one touch function buttons and 3.5" LCD display for simple user interface
- LDAP direct access to contact and email data from an existing server directory
- USB and network TWAIN scanning (PC and Mac)
- Fax documents directly from your PC

Improving efficiency and reducing environmental impact

- Consolidation of multiple devices into one reduces energy usage and cost
- Save energy with Eco Mode, Deep Sleep Mode and Auto Power Off functions
- Reduce toner usage with Toner Save function

Printing on the move with mobile printing

Print effortlessly from your smartphone or tablet. This printer is compatible with AirPrint by Apple Inc, Cortado Workplace and ePrint by Microtech Corp, enabling you to print where ever you are, without having to connect directly to a printing device

Useful utilities that help you control and manage

- PrintSuperVision for monitoring, reporting and managing networked printers or multifunction printers in real-time
- Print Job Accounting provides visibility of your print usage allowing you to control print costs across your business

¹Check local OKI website for latest driver releases and OS compatibility; ²Windows only; ³Including all consumables; ⁴Downloadable from www.oki.co.uk.

Consumables Information: For the protection of your printer, and in order to ensure that you benefit from its full functionality, this model has been designed to operate only with genuine OKI toner cartridges. These can be identified by the OKI trademark. Any other toner cartridge may not operate at all, even if it is described as "compatible", and if it does work, your printer's performance and print quality may be degraded.

3-Year Return to Base Warranty

Our devices are manufactured to the highest standards of quality and technology, which has been confirmed by independent tests. We are so convinced of the high quality of our products that we are offering you an extension of the standard warranty period to 3 years at no extra cost to you. Simply register your product within 30 days of purchase to be eligible for our unique all inclusive offer. For further information please visit: www.oki.co.uk/warranty
Without registration, the standard pan-European 1 year return to base warranty applies.
